STUDENT LIFE

A NEW BEGINNING

At Brevard College, we welcome in the school year. For some, it brings the first experience of living away from home. For others it is a continuation of our identity development. As we learn about ourselves, growing pains will be inevitable, but forming strong interpersonal bonds within our tight community helps everyone follow the college covenant.

It reads:

We expect members of the College—students, faculty, and staff—to commit their hearts and minds to our community of learning, to pursue truth with humility, to become wise stewards of the earth and to live responsibly before God and their fellows.

HOMECOMING

On October 11 - 13, Brevard College celebrated "The Vintage Years." Friday's events for students, families, and alumni started with registration and included golf outings, a gallery exhibition, concerts, and the homecoming ball. On Saturday, there was an Alumni 5K road race and special class receptions. The afternoon's winning varsity soccer effort was highlighted by skydivers bringing down the game ball. The regal homecoming court crowned its King and Queen: Juan Rodriguez and Tonya Lawson. Other court members were Prince Augie Perez and Princess Leigh Anne Johnson, Sophomores LaWanda McDowell, Raly Antonitti, Donna Pimental, Christy Stevens, Amit Khemani, Sherrod Segars, Rob Gillespie, Austin Ortiz, and Phillip Holland, and Freshmen Elin Brask, Melissa Jones, Patricia Wilton, Thomas Howard, William Dickey, and Paul Zinke. A reception at the President's House followed the afternoon's festivities. There was an Alumni Breakfast and activities for alumni athletes. The Golden Club, classes of '35-'45 were honored all weekend.

PARENT'S WEEKEND

Parents are concerned about their children's adjustment to college life. Six weeks after school starts, from October 4-6, they are invited to visit campus to see for themselves how things are going. On Friday, parents are encouraged to attend classes and meet with the faculty. The weekend includes visits to the dormitories, group outings, sporting events, and most importantly, meals in the cafeteria.

This group is advised by Associate Dean for Campus Events, Curt Crowhurst and led by student president, Caroline Whitten. Group members share ideas and coordinate upcoming and potentially upcoming events. Being in Twister gives students great experiences producing a variety of fun and exciting events. This fall, Twister successfully produced and supervised Homecoming, the Haunted House, the pancake supper--a stress relief break during final exams, the beautiful Yule-log ceremony after the Christmas music concert, the Halloween Ball--complete with a cash costume contest, other dances, and all-nighters with movies and breakfast. Spring semester brought the Super Bowl party, a barn dance, spring semi-formal, a hypnotist named The Raven, a talent competition, band parties featuring student composed rock bands, and more.

HALLOWEEN

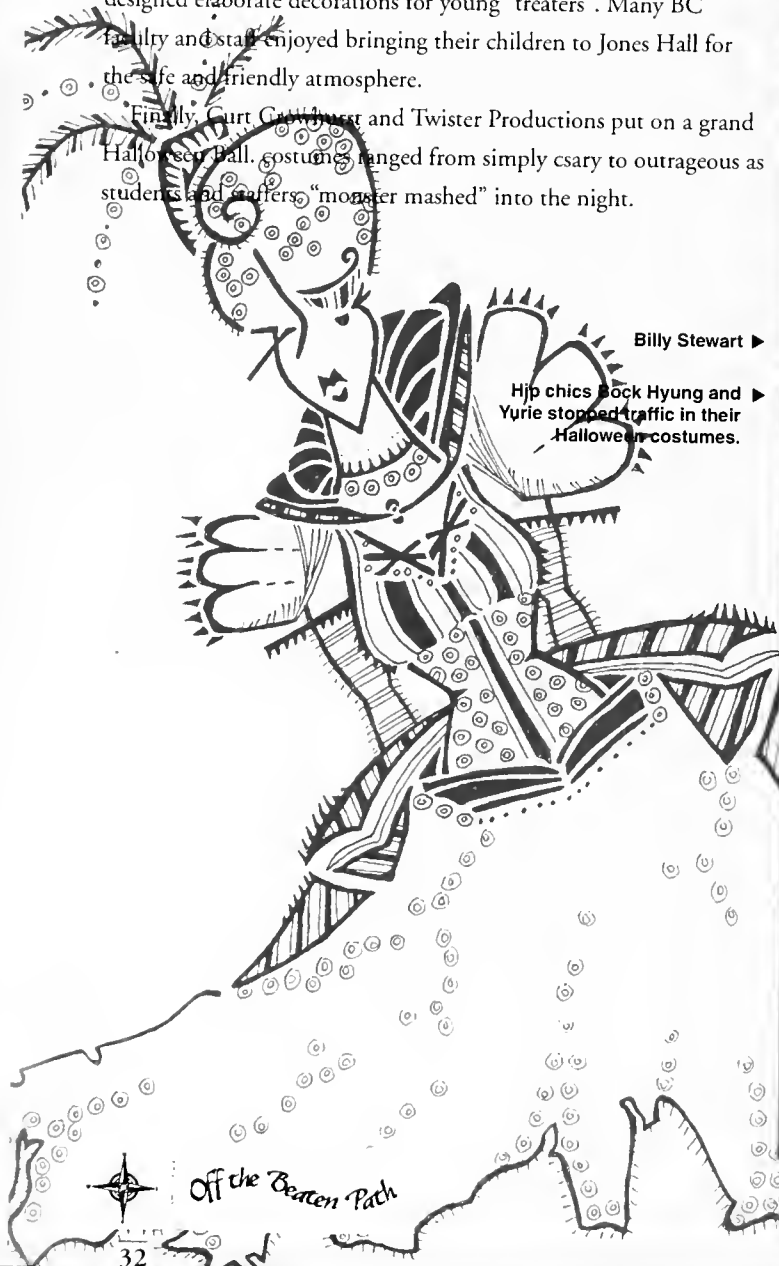

Halloween was an exciting time on the Brevard College campus. There were three major events on campus that allowed students to have a good time while giving something back to our community. First, freshman Spencer Evans led a large group of students in creating the Haunted House in old and creaky Ross Hall. The haunted house was heavily attended by both BC students and Brevard High School students.

The second event was the "Jones Hall Trick or Treat". Residents designed elaborate decorations for young "treaters". Many BC faculty and staff enjoyed bringing their children to Jones Hall for the safe and friendly atmosphere.

Finally, Curt Catwurst and Twister Productions put on a grand Halloween Ball. Costumes ranged from simply scary to outrageous as students and staffers "monster mashed" into the night.

CENTER FOR SERVICE LEARNING

It is said that it is better to give than to receive. Center for service learning, led by Linda Helms, is the college's way of giving something back to the local community. Students receive various forms of volunteer credit for serving in activities such as , BC Special Friends Recycles, a service trip to Bolivia, and working at a local retirement community, among many others.

The work-study program is a federally supplemented program designed for those students who are in need of financial assistance. Its purpose is to allow students to work in an academic setting and support themselves with the expenses of college. Jobs exist on or off campus in such places as the college library, offices in the administration building, and as assistants to professors. Students often work in positions related to their primary academic or extracurricular interest. Work study paychecks can be applied toward tuition expenses or used for spending money.

Students enroll in fifteen hours of classes, including music, German, Austrian studies, and alpine mountain sports. Music students take private lessons at the Mozartorium. Students also get to visit exciting cities such as Venice, Vienna, and Prague.

OFFICE OF THE PRESIDENT

President Bertrand, along with his staff, remained as busy as ever this year. Major projects have included the continuing accreditation process for new majors, the beginning of construction on the Paul Porter Performing Arts Building, and the process of crystallizing the Master Plan for Brevard's future. This office was always filled with fundraising and financing

questions, growth and development possibilities, personnel concerns and ideas to consider, new projects to design and approve, places to go, and people to see. Through it all, the college has continued to be an environment filled with the highest caliber of employee possible, for it is the people in this small community that make Brevard special.

ACADEMIC AFFAIRS

The Office for Academic Affairs exists to ensure the integrity of the credit and non-credit academic programs of the College, to provide support services for the academic programs, to record and preserve all academic records, and to create and maintain a relevant, appropriate, and dynamic curriculum which addresses the needs of students and the society and world in which we live.

ADMISSIONS AND FINANCIAL AID

These offices were led by Bob McLendon, Vice President and Dean for Admissions and Financial Aid, until he became the Vice President for Institutional Advancement in January. Director of Admissions Rick Whiten took over his duties for the rest of the school year while a national search for a replacement was conducted. Rick ably led the staff, which had a successful year of recruiting, raising the college's applicant pool by almost 50% over the previous year. These offices provide campus tours, interviews, and financial counseling to assist in the college selection and financing process. The admissions counselors also travel all over the United States to visit high schools and attend college day programs.

CAMPUS LIFE

The majority of a college student's time is spent outside the classroom. It is the responsibility of the Office of Student Affairs to plan, create, and maintain a campus environment which will enable each student to grow and develop physically, cognitively, emotionally, socially, and spiritually. Our students are ending about two decades of dependence on adult care givers and striving for independence as adults themselves.

The student body will always have members who have different needs or special challenges as a result of their diverse backgrounds. It is a primary purpose of Brevard College to provide the opportunity for a college education to people with many different socioeconomic and educational backgrounds. In order to address the needs of its members individually, the Office of Student Affairs develops and provides programs and services while also offering reasonable accommodations so that these programs are accessible to all members of the student body. It does so with a staff of 47 people led by Vice President Steve Martin and including seven Residence Hall Directors and 23 Peer Advisors. Other key members of the department include Curt Crowhurst, Rachel Harris, Dee Dasburg, Linda Helms, Lee Henry, Ernie Mills, Steve Woodson, Pam Johnson, Raymond Floyd, and Susan Chappell.

LIBRARY

The library provides learning resources and services that meet curricular needs through collection development and electronic access to information. ΦΘΚ

Delta Pi is the Brevard College chapter of Phi Theta Kappa, the national honor society for two-year colleges. Delta Pi has always followed four hallmarks: Scholarship, Leadership, Service, and Fellowship. The national honors topic this year was "The Arts: Landscape of Our Time."

Delta Pi was thrilled to induct 44 new members this

year. In September, Delta Pi co-hosted the Carolina's Regional Leadership Conference. In March, at the Carolina's Regional ΦΘΚ Convention, Cathy McClain was inducted into the Hall of Honor, while the chapter received an Honorable Mention award for most improved chapter.

OUTING CLUB

The outing club at Graveyard Fields after picking up trash at random camp sites.

The Outing Club is an organization that has been created for Brevard students and members of the Brevard community. The group is led by Dan Vorisek, who has created a plethora of exciting activities for the enjoyment of all who are interested. The club has three major focuses: social events, learning experiences, and community involvement. There are events such as ultimate frisbee, an open climbing wall, dinners, videos, and a coffee and jam night. Each of these events happens once a week so group members have many fun activities that they can attend. For more serious excursions, there are hikes, canoe trips, and overnight clean-ups at high-impact sights. Guest speakers are also introduced and everyone is invited to attend the lectures and discussions: members and non-members. The Outing Club provides and opportunity for fun activities, learning, and growing to all the members of our community.

BC RECYCLES

BC Recycles has been a work in progress this year with many students working to help our environment. On March 31, Brevard greeted Audrey, a four compartment recycling container. Audrey represented the first step in the formation of a campus wide environmental plan that is being developed by the Green Task Force, a committee comprised of faculty, staff, and students. Members include Dr. Larry Ragsdale, Dr. Bob Glesner, Reid Plemmons, Linda Helms, Rob VanCleve, Bette Purnell, Patrick Scott, Marcus Lester, Jessica Raper, Chris Reinhardt, and Joe Raymond. The ultimate goal of the program is to put Brevard College on the map as one of the most environmentally friendly colleges in the country.

Speakers included local Brevard residents, Tom Nebia, Mark Hufford, The Cradle of Forestry, and BC Geology students, and many more. All that attended had a great time and left with a better understanding and appreciation for the natural beauty of our environment.

THE ROAD NOT TAKEN

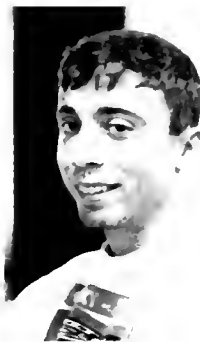

Two roads diverged in a yellow wood,
and sorry I could not travel both
and be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth:

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that, the passing there
Had worn them really about the same.

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference.

The Student Government Association is the student group that has a major impact on Brevard College policy and activity. The Judicial Board hears cases involving discipline on campus including suspension hearings. The student government includes the Executive Council and the Senators. They meet to discuss any issues that affect campus life. This year, one of their major projects was visitation hours in the dormitories. Because of their efforts, students enjoyed extended visitation hours for the latter part of the year. Not only do these students have a significant impact on the college environment, but they also gain life skills in interpersonal and business relations.

IT TAKES A VILLAGE

The small college atmosphere is probably the single most important characteristic of Brevard College. Because of the close relationships developed between and among the staff, faculty, and students, the College resembles a village. It Takes a Village, named after Hillary Clinton's book, is charged with maintaining and expanding upon these relationships through special programming. In conjunction with any changes that come to Brevard College, including the transition to a four-year institution, this village atmosphere will always be a top priority of the college.

Brevard College has been a leading Junior College for over a hundred years, but in 1995 the college took its first steps towards becoming a leading four-year institution. It received official accreditation for awarding bachelor's degrees from The Southern Association of Colleges and Schools. Our first graduates, in 1996, were Music majors. This year the graduating class started its dramatic growth. Brevard's first Art majors joined their Music major peers on the graduation podium. Next year will bring Brevard its first class of seniors in Environmental Studies. The college is also in the process of gaining accreditation for numerous other majors. One of the college's calling cards will be its interdisciplinary fields of study.

(Above) Everyone wants to be like Dean Martin. Why not? He was the school mascot (a lion) in high school. Then he dropped out (flunked out?) of college in 1966. Serving the Army as a helicopter pilot, he was decorated for service several times in Vietnam. Then he returned to America and got those college degrees. He has been at Brevard for nine years. Resident Director Terri Owen has mastered the Dean Martin look-alike contest.

Residence Hall Director Michel Louter is on duty and on the ball.

(Top right) In addition to serving Brevard College full-time, Professor Bob White is working on his Ph. D. degree.

(Above) Guitar instructor David Stevenson, from Clemson, SC, has been at Brevard for seven years. He has a patent on the A-Frame Adjustable Guitar Support. So is he rich yet?

Did you know that:

Dr. Charles Teague was President of Green Hall in 1965-66. It was great job preparation for becoming the president of Spartanburg Methodist College.

In addition to her singing and gem mining, **Jacolyn Campbell** is a professional Hula Dancer.

Vice President Donald Scarborough was the Mayor Pro-Tem of Brevard and the BC Soccer Coach.

(Top left) Nurse Mary Krick and her two lovely and feisty kids.

(Top, above) Registrar Burnley Ganus got her Master's degree at USC and has been at Brevard College for six years, four as the librarian. She loves to collect pottery.

▲ Who is this Brevard Professor who grew up on a ranch in the swamps of Florida? In addition to shepherding sheep with her Rotweiller (above), she has been known to teach an occasional music class and compose and arrange her own music. She studied music at Florida State, Columbia University, and Juilliard.

Professor Windy Gordon, second only to Aristotle and Plato, is a favorite among Brevard students. He is also nationally ranked in whitewater canoeing. Windy is leading the inaugural Brevard College Kayaking Expedition "Voice of the Rivers" from the headwaters of the French Broad River to New Orleans.

(Top) Computer Geniuses Teri Credille and Ralph Pezoldt. Teri used to lead a Christian Youth Pantomime Troupe. During the summer of '97 she traveled to Russia to work with young people. Ralph once drove to the "end of the road," literally. He started on the coast of North Carolina in Manteo and completed his journey in Homer, Alaska.

Joyce Rogers, (Above, at left) who grew up in Western North Carolina, has been at Brevard College for over 17 years. Ann Martin enjoys the outdoors in addition to her plethora of responsibilities on campus.

The professor in the top left picture is Ruth Still.

Did you know that:

Betty Neale is a Brevard College graduate. She has worked in various positions here since 1978.
Michelle Choate started her first business baking and selling Toll House cookies at the age of five.
Dr. Tom Tait won the Atlantic Coast Conference high jump championship five times.
Professor Ben Boone did research on rhino vocalizations in Zimbabwe.

(Top left) President Bertrand and Project Representative Mike Micuda sit on pilings used for the foundation of the Paul Porter Center for the Performing Arts.

(Top, above) George Stahlberg has been at Brevard for nine years.

(ABOVE) Bette Purnell finally found Brevard's valet Parking -- in The Underground, compliments of Patrick Hersom and his accomplices.

(Above) Doctor McDowell teaches music history and plays the piano. Here, she might be demonstrating an ancient Bavarian tradition that she learned while leading the Brevard students on the Austria Trip in the spring.

1996 National Champions!

The 1996 Brevard College Women's Soccer Team had quite a season. They were undefeated and untied through the regular season. Then, after losing one of their best players, they swept through the playoffs to become the 1996 Junior College Division I National Champions. The whole campus showed its spirit and appreciation when the girls brought home the national title. If you ask any of the girls, they will tell you how hard they worked during the season. It looks like their hard work paid off. The team set four (of the seven that are kept) all-time national records including most wins (22) and fewest goals allowed (3).

Here it comes. Amie Bradley tosses a throw in during another victory. ▶

A look back on the Season

The Brevard College Men's Soccer team had an outstanding season. The new season brought many new faces to the team. By the end of the season the guys had become better players and better friends. CROSS COUNTRY

The Brevard Cross Country Teams are two of the most dominant programs in Junior College running. This year's team did a great job of living up to and even exceeding high expectations. During the many hundreds of miles run in practice, the teammates pushed and supported each other very well. The work paid off in the Region X meet, in which the women took the top seven places and the men had the top five finishers. Moving on to Nationals in Overland Park, Kansas, the women placed fourth and the men, third. Congratulations to two top-five nationally ranked teams.

VOLLEYBALL

A Great Rookie Season

This year Brevard College got a new sports team added to the already exceptional program when a women's volleyball team was formed. Not much was expected of them this year because they were a first year program with only two sophomores. But under the guidance of Coach Conner and former Olympic Volleyball Coach Dr. Tait, these eight girls proved everyone wrong. The Brevard Volleyball Team went all the way to the Nationals, winning both the regional and district tournaments. These young women did a tremendous job for their first season; the future looks very bright.

WOMEN'S BASKETBALL

The basketball team enjoyed another good year on and off the court. Led by Coach Tad Conner and Captains Cindy Koone and LaWanda McDowell, these ladies pushed each other to achieve great things together. The team suffered through a number of injuries, but the girls' stuck together and supported each other well all year.

"I have enjoyed being a member of this team. My teammates have done a lot for me and I have learned a lot from them. Coach Connor has also taught me a lot and it has been a joy playing for him. I just want to thank Coach and my teammates for a great year!"

Lawanda McDowell, sophomore, All-Region Team Member

"Looking back at last year as a Freshman and looking at the team this year, I can say we have accomplished a lot. The team was very close this year. We had hard times, but when it came down to game time, we pulled together as one. I will really miss this team, and I wish them all the best."

◀ Melissa Jones got the ball inside. Now what is she going to do with it? Our guess is a bucket and a foul.

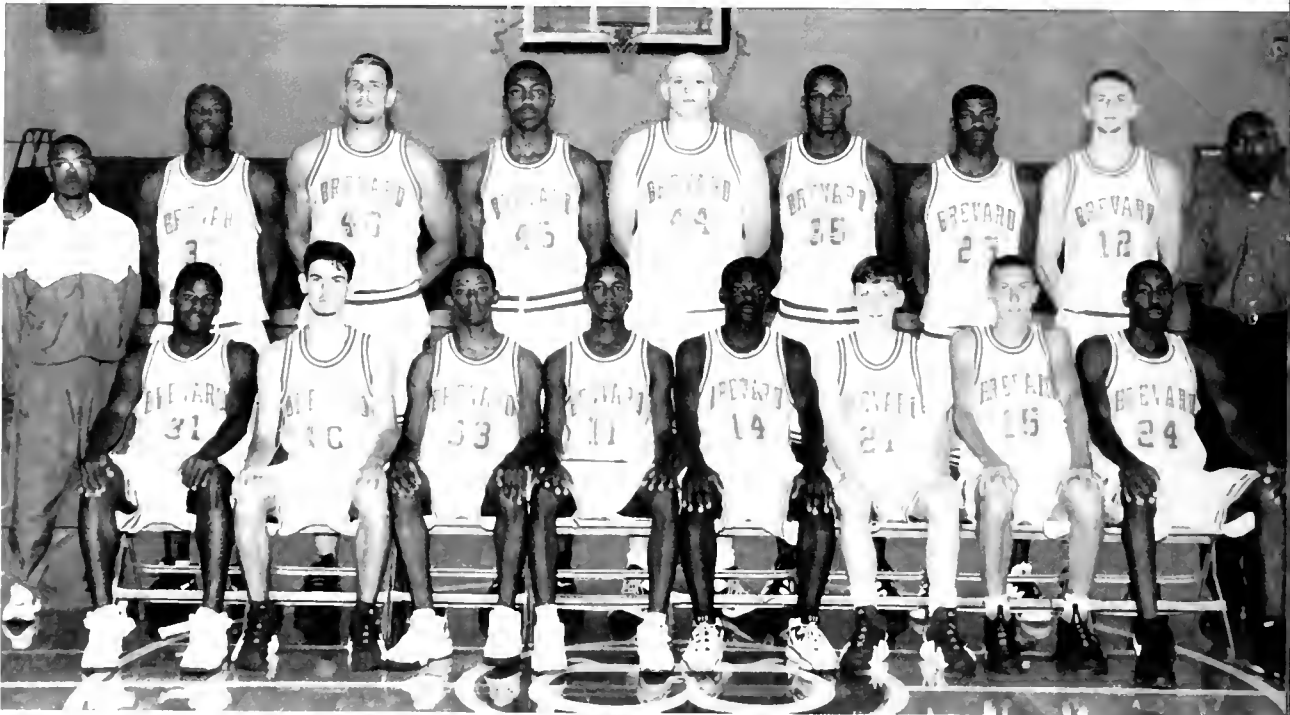

MEN'S BASKETBALL

Under the watchful eye of Coach Dudley Bradley, the 1996-97 Brevard College Men's Basketball team had a successful season. They worked hard to improve every day and played their best basketball at the end of the season. Coach Bradley started at North Carolina before going on to a long and successful career in the National Basketball Association, so he knows a thing or two about dedication. This year's team came a long way and despite losing some key players, played great, exciting basketball. These young men grew up a lot this year between October and March.

MEN'S & WOMEN'S TRACK

The 1996-97 Brevard College Men's and Women's Track Team had another great year. Under the guidance of Coach Dave Rinker and Assistant Coach Rob VanCleve, they ran competitively or better against the largest Division I schools in the country. In Junior College competition, the team was extremely successful, with many top-ten finishers nationally. This year's team also broke a plethora of long-standing school records, including the 4X400Meter relay race. Most importantly, these men and women learned how to achieve new heights on and off the track.

Raly Antoniotti, Sophomore

"The girl's track team is a great bunch of athletes and friends. We have a tremendous amount of ability and we all work together well. Coach Rinker has taught us all that to get better, we have to push ourselves to the limit. Even though I don't have the most ability, I have achieved things that I never thought I could. Brevard College cross country and track has taught me not only how to be disciplined in my sport, but also how to expect great things from myself and do all that I can to make my goals, realities."

Michael Hunter, Sophomore, Captain

"This was one of the best teams ever to come through Brevard. My teammates were there for me through good times and bad times. Personally, I had some injuries, but these two years helped me to build my character. I wish my Sophomore teammates the best and hope to hear from them. I wish the Freshmen good luck next year."

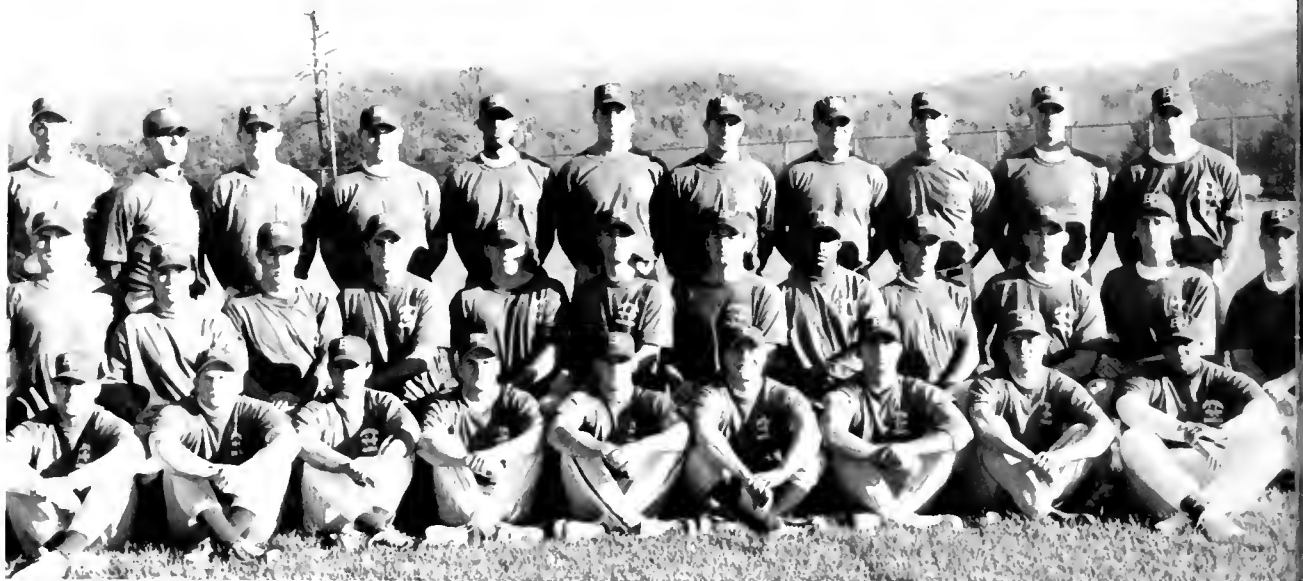

BASEBALL

The 1996-7 year brought another successful spring season for Brevard Baseball, but this one was special because it was the last season for Coach Rusty Stroupe to be at the helm. Coach Stroupe came here in 1992 and took his team to the World Series in 1994. In the Fall of 1997, he is starting a Division II program at Lander (SC) University. Brevard continued its winning tradition this year by posting a 35-13 mark, for a winning percentage of .729. The team worked hard all year and showed a lot of heart when it trailed games by two or more runs in the last inning and came back to tie or go ahead five times. We might see some of the star ball players on television some day, but they'll tell you that the time spent at Brevard was something special.

FALL DRAMA

"You Can't Take It With You" was the title of this year's fall production. The play is a comedy about a young woman who tries to impress her fiancée's ritzy parents. She asks her family to pretend to meet unrealistic expectations, but they all learn to appreciate their original selves. With this realization, everyone lives happily ever after. The production, led by Sam Cope, was held in the barn theater on November 7, 8, 9, and 10, and performed to a sold out theater.

DRAMA

The Brevard Drama Department offers great opportunities in on-stage and off-stage production for the Brevard students. For example, the stagecraft class constructed the sets for the spring play, "The Curate Shakespeare As You Like It." Members of the play, directed by Professor Bob White, practiced two-and-a-half hours a night for 32 nights before performing the play four times to a packed barn theater. This year the Drama Department again lived up to high expectations from the college and local community.

The Brevard College Symphonics is comprised of music majors and non-majors at the college. Conducted by Dr. David Kirby, the ensemble performs approximately six times annually in concerts and ceremonial functions. The vitality of the group's music is enjoyed by performers and listeners alike. Another opportunity for top music students is the chance to conduct the Symphonic Band. DEDICATION

Pete Burger (left) with Dr. Ed Roy and Grace Munro Roy

Brevard College has been and will remain a very special place because of the people that choose to dedicate their professional lives to the college. Rachel Daniels, Pete Burger, and Gene Lovely are three outstanding teachers who retired last year, after devoting a combined total of 67 years of service to Brevard students.

RACHEL DANIELS

Daniels, a professor of mathematics, was awarded the Evelyn Bunch Faculty Award in 1992. She said of the Brevard environment, "It is hard for me to express how dear these grounds, these classrooms, and, most of all, these students are to me."

PETE BURGER

Burger was a professor of History who also chaired the academic standards committee. Now living in Utah, he also loved to hike and volunteered with the forest service.

GENE LOVELY

Lovely taught History and Political Science for over twenty years and was known for his caring and personable style of teaching and love for the Brevard community. The professors' devotion to teaching and energy for helping young people was greatly appreciated. They will be missed.

THE PAST...

Brevard College has a 144 year history as a first rate academic institution in western North Carolina. Weaver College was founded in 1853 in Weaverville, NC by an organization called "Brotherhood of Temperance." Rutherford College was founded, also in 1853, by Robert Abernathy in Happy Home, NC. It had eight students that year. The modern era of Brevard College began in 1934 when Weaver College and Rutherford College merged with the Brevard Institute on our current campus. The newly formed Board of Trustees chose Dr. E. J. Coltrane to be the first president of the college. The college thrived as a leading private junior college for decades, but in 1996, it received full accreditation from the Southern Association of Colleges and Schools as a Level II, baccalaureate degree-granting institution.

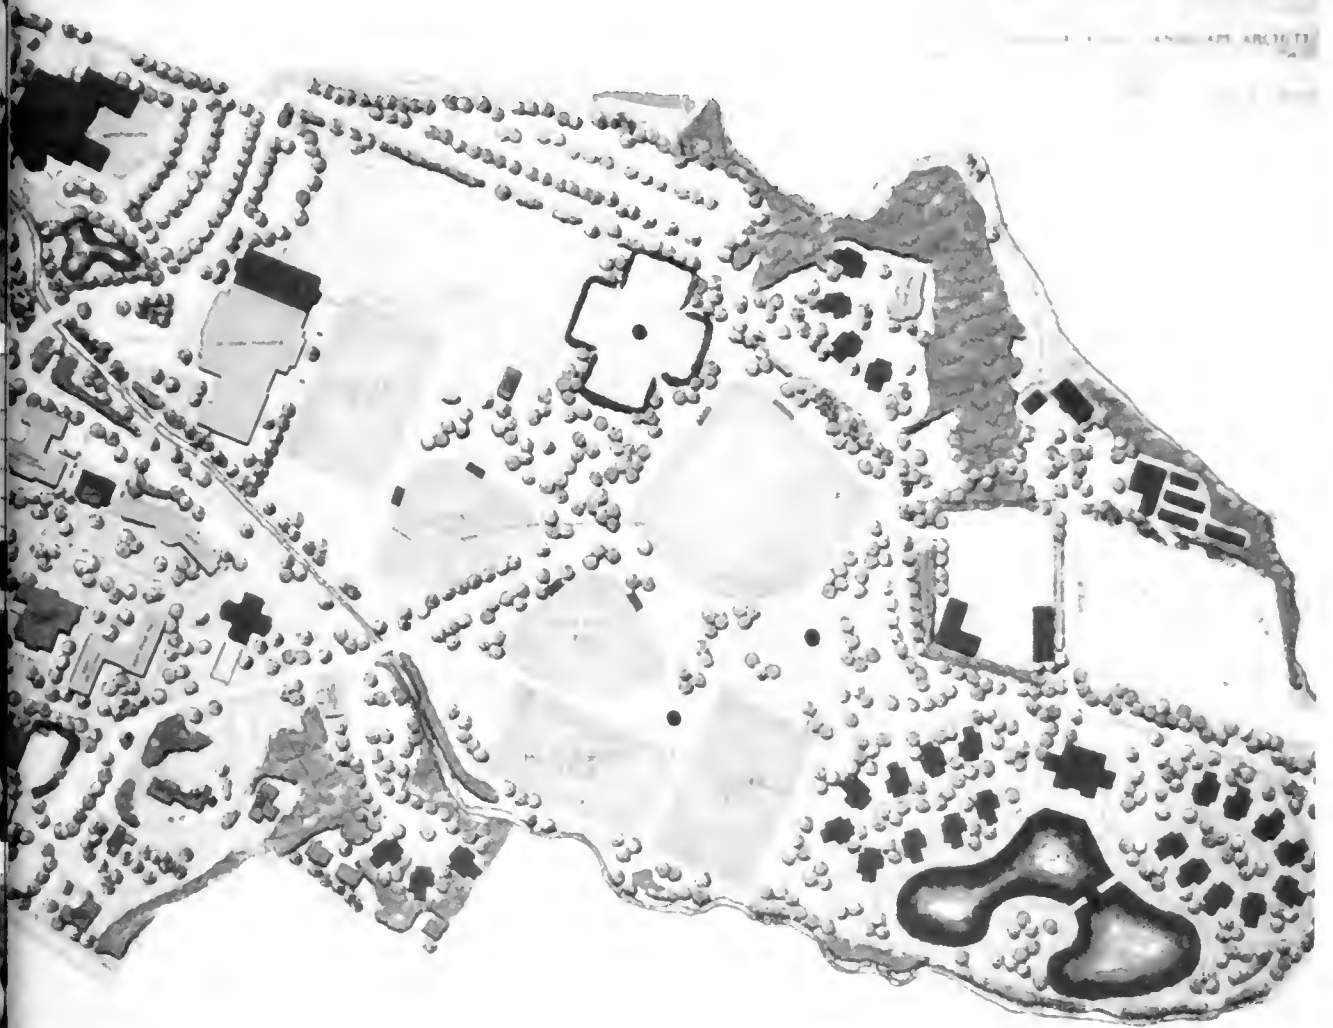

...AND A LOOK AHEAD

BREVARD COLLEGE

MASTER PLAN - YEAR 2

ARCHITECTURAL AND LANDSCAPE ARCHITECTURE

1997

Brevard College has a Master Plan that will make it one of the nation's most distinctive liberal arts colleges in the twenty-first century. Projects that are already under consideration or design include the upgrading of campus residential facilities, building annexes to existing classroom buildings, upgrading athletic and music performance facilities, and renovating office spaces. The college will also focus on landscaping by continuing the beautification and

naturalization of the campus with indigenous trees and plants. The plan calls for replacing roads in the interior of campus with pedestrian walks and extending the system of trails and walkways along King Creek and throughout the now empty east side of the campus. Small cluster houses will create a village environment that will make Brevard's on-campus living opportunities some of the finest in the nation.

JustChecking

Is just perfect for young adults!

Here's why:

SouthTrust will add \$10 to the opening deposit!*

Now that's money in the bank!

Unlimited checkwriting!

Whether it's 1, or 100 or more checks per month, there are never any checkwriting fees! Pay only 99¢ per month or \$11.88 per year.

No minimum balance required!

Keep \$1, or keep a million - JustChecking imposes no fees for small balances.

Convenient ATM card!

ATM cards allow JustChecking customers to bank anytime day or night.

Image statement of all checks written!

Easy visual reminder of who received checks and when. It's checkbook balancing made simple!

JustChecking from SouthTrust is helps younger adults establish a solid banking relationship. Ideally suited for those under age 26, JustChecking enables the you to deposit paychecks, write checks for school or personal needs, obtain an ATM card - all without paying any per-check fees or maintaining minimum balances.

To clarify the meaning of the title of our yearbook, we include the forward from the first edition of the *Pertelote*.
 "The name of this book signifies our relationship to our big brother, Duke University. The title of Duke's annual is *The Chanticleer*. In Chaucer's old tale, *Pertelote* was the hen most loved by the valiant *Chanticleer*. So, since we are in various ways connected with Duke and are particularly of the same religious denomination, we elected to call our annual *The Pertelote*."
